Houston, TX 77072

Dear Anthony:

Thanks very much for the chance to see Sterm 64.

We're returning your software because it doesn't fit our current marketing plans. We already have a similar product under development, so we're not currently in the market for another communication program.

We really appreciate your sending us Sterm 64. When you have future projects for review, we hope you'll submit them to Broderbund.

Sincerely yours,

A stylized, handwritten signature in blue ink that reads "Roy".
