Anthony Wood
12739 Grand Cross Ln.
Houston, TX 77072

Dear Anthony:

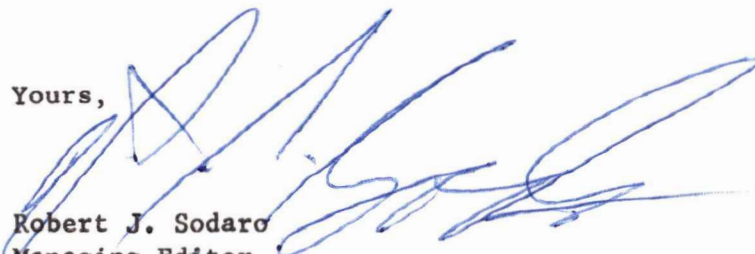

I am returning to you your Banner Messages as it does not suit our current needs. We felt that the programming involved was rather basic, and not too difficult to achieve for most people. It was a nice attempt, though.

I am also sending back your Renumbering program, as I now have it on disk. In the future, if you wish the return of any of your tapes, please include a SASE, as I am no longer able to use our postage to return submissions. (I am actually not sure if you included a SASE with Renumbering.)

Keep us in mind for future submissions.

One last thing, we have instituted a disk program featuring programs from Ahoy! each and every month. All programmers will be receiving royalties for programs of theirs that appear on the disk. We will be contacting you as soon as we have more details on the matter.

Yours,

Robert J. Sodaro
