Ahoy!

Anthony-

Ahoy! pays on acceptance, thus you should have a check by now for "Renum". Also, could you, next time you submit something, send us a copy of "Lunar Lander", we like to keep all programs on file, and we forgot to copy yours. There is no real rush on this, but if we could get it in a couple of weeks it would be nice. We will pay for the return postage on this one.

Thank you,
Robert J. Sodaro
